Telling the Story of Your Place or Community

DOOR PRIZES AND REFRESHMENTS

Every Kankakee County community or township contains significant structures or sites that contribute to the historic fabric of the county.

The Kankakee County Historic Preservation Commission is working to establish a Preservation Plan for the county. There are several public meetings scheduled throughout the county to gather input from interested members of the public. Two such meetings have already been held in Momence and Manteno. A meeting has been planned for your community on **March 22, 2016**, that will focus on Essex, Salina, Norton & Pilot Townships. If you have a conflict with this date, you may attend any of the others listed below.

The purpose of this public meeting is to listen to the community, elicit comments, and receive feedback. We are interested in what is important to you as a resident of Kankakee County. What buildings or sites can you tell us about that have historical value? What stories can you tell us about those places? If you have photos or other info that would be helpful, we are interested.

Please join us for an informative session that will establish a list of historic structures and prioritize the future activities of the Historic Preservation Commission to celebrate and protect our community's heritage. The public comment received at the workshop will directly lead to the goals, policies, and implementation strategies for the Kankakee County Preservation Plan.

Other meeting dates for 2016 are as follows:

- ◆ April 19th, 7:00 p.m., Bourbonnais Public Library, White Oak Room, 250 W. John Casey Rd. ,Bourbonnais, IL
