

Corridor Planning Grant Study

For The

Kankakee County Planning Department

Prepared by

BERNARDIN • LOCHMUELLER & ASSOCIATES, INC.

Engineering • Surveying • Planning • Environmental Services • Water & Wastewater

KANKAKEE COUNTY
CORRIDOR PLANNING GRANT STUDY

TABLE OF CONTENTS

EXECUTIVE SUMMARY	Page
1. Preface.....	ES-1
2. Project Development.....	ES-1
3. Recommendations.....	ES-2
A. INTRODUCTION	1
B. STUDY AREA OVERVIEW	3
1. Project Location.....	3
2. Corridor Study Area and Termini.....	3
3. Local Units of Government and Socio-Economic Profile	3
a. Population	3
b. Housing Characteristics	4
c. Labor Force	4
d. Employment.....	4
C. PURPOSE AND NEED FOR IMPROVEMENTS	8
1. History of Project.....	8
2. Need for Study	8
3. Purpose of Study.....	9
D. TRANSPORTATION SYSTEM AND LAND USE DEVELOPMENT PATTERNS	10
1. Transportation Infrastructure Profile	10
a. History.....	10
b. Existing Routes	10
c. Intermodal Facilities	13
2. Land Use/Development Characteristics	14
a. Major Traffic Generators	14
b. Freight Traffic Summary	15
c. Scheduled Transportation Improvements	15
E. EXISTING ROADWAY CONDITIONS AND FINANCIAL RESOURCES	20
1. Roadway Jurisdictions	20
2. Roadway Conditions.....	20
3. Sources of Transportation Financing.....	20

F.	ENVIRONMENTAL INVENTORY.....	23
1.	Environmental Footprint.....	23
2.	Warner Bridge Improvement Environmental Issues.....	23
G.	LOCAL PLAN SUMMARY	25
1.	Introduction.....	25
2.	Review of Long Range Transportation Plan.....	25
3.	Review of Comprehensive Plans	26
4.	Policies Affecting Land Use	33
5.	Areas of Conflict.....	35
6.	Potential Alterations within Plans.....	35
7.	Conclusion	36
H.	ALTERNATIVES.....	37
I.	PROPOSED IMPROVEMENTS	40
1.	Proposed Design Details	40
a.	Typical Cross Sections.....	40
b.	Right-of-Way	40
c.	Access Management	40
d.	I-57 Interchanges	41
J.	COORDINATION/PUBLIC INVOLVEMENT ACTIVITIES	42
1.	Area Meetings for Project Input	42
2.	Meetings with Public Agencies	42
3.	Analysis of Public Input.....	42
4.	Public Meeting to Present Alternatives.....	43
5.	Public Meeting to Present Selected Alignment	43
K.	CONCLUSIONS AND RECOMMENDATIONS	44
1.	Preferred Corridor Alignment.....	44
2.	Project Implementation and Funding	45
3.	Criteria for Implementation of the Next Project Phase.....	45

Executive Summary Figures

- ES-1 Project Location Map
- ES-2 Corridor Study Area
- ES-3 Kankakee Road Network with Proposed Centerline
- ES-4 Kankakee Road Network with Proposed Kankakee County Centerline

List of Figures

- Figure 1 Project Location Map
- Figure 2 Corridor Study Area
- Figure 3 Kankakee County Functional Classification System
- Figure 4 Designated State Truck Routes
- Figure 5 Pavement Surface Type
- Figure 6 1992-2012 Land Use Map
- Figure 7 Annual Average Daily Traffic
- Figure 8 Major Employer and Truck Facility
- Figure 9 Kankakee County Environmental Footprint
- Figure 10 State System Deficiencies and Programmed Projects
- Figure 11 Planned Local Jurisdiction Projects FY 2001-2025
- Figure 12 Year 2012 Future Land Use Within Study Corridor
- Figure 13 Future Land Use Plan for Bourbonnais
- Figure 14 Village of Bradley Land Use Plan
- Figure 15 Village of Manteno Future Land Use Map

List of Tables

- Table 1 Population of Urban Places in Kankakee County.....5
- Table 2 Kankakee County Major Employers.....6
- Table 3 Kankakee County Roadway Characteristics.....11
- Table 4 Kankakee County Major Truck Generators.....17
- Table 5 Transportation Projects FY 2002-2004.....19
- Table 6 Kankakee County Mileage by Functional Classification.....21
- Table 7 Average Annual Federal Distribution for Kankakee County22
- Table 8 Segment and Alternate Cost Comparison Segments39

List of Appendices

- Appendix A: Displays for First Public Meeting – Alternatives
- Fig. A-1 Kankakee Road Network w/Proposed Centerline Alternates
 - Fig. A-2 Typical Sections
 - Fig. A-3 Kankakee County Environmental Footprint w/Alternates
 - Fig. A-4 Aerial w/Proposed I-57/US 45-52 Interchange Configuration
 - Fig. A-5 Aerial of Corridor w/Alternates
 - Fig. A-6 Kankakee County Existing/Future Traffic Forecasts for Corridor
- Appendix B: Displays for Final Public Meeting Recommended Alignment
- Fig. B-1 Kankakee Road Network w/Proposed Centerline
 - Fig. B-2 Typical Sections
 - Fig. B-3 Kankakee County Environmental Footprint w/Proposed Centerline
 - Fig. B-4 Aerial w/Proposed I-57/US 45-52 Interchange Configuration
 - Fig. B-5 Aerial of Corridor w/Alternates
 - Fig. B-6 Kankakee County Existing/Future Traffic Forecasts for Corridor
- Appendix C: Kankakee County Planning Department Supplemental Study
- Fig. C-1 Kankakee Road Network w/Kankakee County and Bernardin-Lochmueller & Associates Proposed Centerline
